Dear Commission,

A copy of the below comments and the attached documents were submitted in call for a revised NSRL for glyphosate.

Many thanks for the opportunity to provide these comments and your ongoing efforts to protect the health of California's residents.

Sincerely,
Dave Murphy

Proposed Specific Regulatory Level Chemical Causing Cancer: Glyphosate

Public Comments Glyphosate NSRL OEHHA <https://oehha.ca.gov/comments>
State of California Sacramento, California June 21, 2017

Food Democracy Now! Urges California to Protect the State's Children, Citizens, Farmers and Farmworkers from Carcinogenic and Reproductive Harms of Glyphosate Dear Members of the Commission, Please see the attached document supporting our call for a NSRL of 0.1 micrograms/day for glyphosate in California.

Thank you for your careful consideration of our appeal.

Sincerely,
David Murphy,
